

# Easy design

Stand out among thousands  
of job ads

**With Easy design, you can create a modern and expressive company subpage on Profesia.sk. Open the door to your company, differentiate from competitors and increase your chance to be easily noticed.**

**Your job ads directly to job seekers in-boxes**

Users can apply for receiving your job ads via email subscription. They won't miss a single new job ad from your company.

**Create your profile quickly and easily**

Unnecessary wait is over. You can upload everything you need via one form. Your Easy design profile and job ads will be ready and online by two work days.

**Build trust in your company**

Let your job seekers regularly see your logo and photos when browsing job ads, and they will become familiar with your company.

**Be one step ahead your competition**

Present your company through a logo, photos or a video. Capture job seekers attention and they will spend more time on your company profile.

# How will your easy design look?

We have created Easy design together with our users, who regularly search for new job opportunities on Profesia.sk. The result is a service which meets all their needs. With Easy design service, you can use your company design not only on your profile, but on all your job ads as well. You can add your photo, video and logo on your company profile for users to see. After clicking on a specific job ad, they will see your logo and photo. You can connect your career pages to your social media and turn job seekers into fans.
